Table Talk

- 1) Why does the Bible include the names of those who led worship at the ark of God? (vv. 4-7) How does this help us know that the worship of the Lord was ordered worship? What might this say about the idea that the best worship is unplanned, "trust the Holy Spirit" worship?
- 2) What commands are found in the first four lines of vv. 8-11? What application commands follow those? How are the initial commands connected to the application ones?
- 3) Why is remembering such an important part of following the Lord? What does David call his people to remember? (see vv. 12-13; 14-18; and 19-22)
- 4) How does David connect worship and evangelism? (vv. 23-24) Can we truly do one without the other? What ways can you "Tell of His salvation" this week?
- 5) What is David's petition in verse 35? Why does David want to be saved? Is that the reason why we want to be saved?
