“God’s Judgment on Sodom and Gomorrah... and on Us”

Genesis 19:1-14, 23-29

Scott Boerckel, Senior Pastor

1. The angelic visit to Sodom reveals the sinful nature of the city ... and us. (Genesis 19:1-11)
2. The angels' warning reveals the certainty of God's judgment on sin then ... and to come. (Genesis 19:12-14)

3. God destroys Sodom and Gomorrah, . . . and we deserve it just as much.
(Genesis 19:23-29)

Table Talk

- 1) How might Middle Eastern hospitality teach us about hospitality?
- 2) How do the current politics show the autonomy of sin? How have you observed the anger of debate today as similar to the anger of debate in vv. 6-9?
- 3) Where do you place yourself in this story? With the angels of judgment? With Lot and his family? With Sodom and Gomorrah? Why is it better to identify with the lostness of Sodom and Gomorrah?
- 4) How does this story make the fact of the Advent of our Lord more precious? Who will you tell this week about your joy over Jesus' coming to earth?
